

WE ARE MOTION.

COVID Vaccine - Motion Australia Customer Statement

Throughout the pandemic we have always kept the safety of our employees, customers, and suppliers of the highest importance. We have been following the Government's Public Health Orders and COVID Safe requirements, and we are supportive of the efforts towards reaching the Australian National target of 80% double dose vaccination. Motion Australia is working closely with all team members, who have access to a wide range of support programs that underpin this objective.

We look forward to an easing of Government mandated movement restrictions and an anticipated ramp up of operations and business activity. We are ready to serve you to the highest levels, whilst ensuring that we comply with our own safety and wellbeing protocols, and those of our customers.

Our employees have demonstrated their resilience over the last 18 months and have focused diligently on working hard to keep you in motion... *You can Rely On Us.*
